

# COVID-19:

## WHAT TO DO IN OXFORD COUNTY, ELGIN COUNTY & ST. THOMAS

### I HAVE

Symptoms that I am not sure are related to COVID-19

Symptoms like a fever higher than 37.8 degrees Celsius, a new cough, and/or shortness of breath.

Been in contact with someone with confirmed or suspected COVID-19

Severe symptoms like difficulty breathing and or high fever that doesn't get better with acetaminophen (Tylenol)

### YOU SHOULD

Take the online self-assessment at [covid19checkup.ca](https://covid19checkup.ca)

Book an appointment to get tested at your local assessment centre and self-isolate at home.

Self-isolate at home and call Southwestern Public Health at 1-800-922-0096 #9

Go to the hospital
