

# COVID-19

## Physical Distancing on Elevators

Help prevent the spread of germs and protect yourself from COVID-19.

STAY 2 METERS  
APART

NO MORE THAN  
3 PEOPLE

AVOID TOUCHING  
SURFACES

- Wear a face covering in all enclosed public spaces and when physical distancing is challenging
- Keep 2 meters apart from others if possible
- Do not have more than three people per elevator
- Face away from one another while in the elevator
- Avoid directly touching high-touch surfaces, such as elevator buttons or handrails
- Wash or disinfect your hands before entering and after leaving the elevator
