

Vaccine Order Form - LTCs

All orders must be received by Monday at 3:30 pm. Vaccines will be available for pick-up from 8:30 a.m. to 4:30 p.m. Thursday and 8:30 a.m. to 1:00 p.m. Friday. Any order received after 3:30 p.m. on Monday will be processed for pick-up the following week.

NOTE: All orders MUST be accompanied by a log of all refrigerator temperature readings since your last order. If we don't get this, your order will be delayed.

Facility Name:

Phone Number:

| Vaccine | Description | Doses per Package | Doses on Hand | Doses Required |
|---|---|-------------------|---------------|----------------|
| Td Adsorbed | Tetanus, Diphtheria | 5 | | |
| Pneumococcal (Pneumovax 23 [®]) | Pneumococcal Polysaccharide Vaccine Polyvalent | 10 | | |
| Tdap (Adacel [®] / Boostrix [®]) | Tetanus, Diphtheria, Acellular Pertussis | 10 | | |
| Shingles* (Zostavax II [®]) | Varicella-zoster virus vaccine (Live, attenuated vaccine [†]) | 1 | | |
| Flu | Inactivated, trivalent influenza vaccine | 10 | | |
| Other | | | | |

* Publicly funded for residents between 65-70 yrs of age

[†] ZOSTAVAX[®] II and PNEUMOVAX[®] 23 (pneumococcal vaccine, polyvalent, MSD Std.) should not be given concomitantly because concomitant use resulted in reduced immunogenicity of ZOSTAVAX[®] II.

Please fax your completed order along with your temperature log.
